Disaster Response

Coronavirus, COVID-19 Response / Support

WSP USA is currently providing disaster management and technical support services to federal and state government clients as they rapidly respond to the evolving COVID-19 novel coronavirus situation. Our staff is working onsite at state and regional Emergency Operations Centers (EOC), managing procurement and distribution activities, and coordinating closely with field and delivery personnel to ensure immediate response to all requests for equipment and commodities. Examples include the following:

Florida Division of Emergency Management
- EOC Liaison
- Material supplies (Personal protective equipment, masks, face shields, etc)
- Heated meals provision (1,000,000)

Virginia Department of Emergency Management
- Hand sanitizer

United States Postal Service (USPS)
- Westchester (NY) Processing and Distribution Centers (P&DC)
  - COVID-19 complete facility decontamination
    (3 Floors - approx. 1 million square feet)
  - Responded within four hours; completed over a weekend
- Seattle Network Distribution Center (NDC)
  - COVID-19 disinfection response

Let Us Support Your Community

We are a nationally proven industry leader in disaster response. We have provided logistics management and emergency power support to federal government agencies and multiple states and counties, including our ongoing support to the U.S. Army Corps of Engineers (USACE) Pittsburgh and Philadelphia Districts. We are known for rapid response and the ability to mobilize and deploy resources quickly.

We also have expertise leveraging existing forward-based operations and local resources whenever and wherever possible to support our clients’ needs. During times of crisis, we combine these abilities and our expertise to provide disaster response support to communities.

Current Disaster Response Contracts

We maintain a vendor alliance network (VAN) of more than 200 geographically-based regional subcontractors that have and continue to support our current disaster response contracts including:

- South Carolina Emergency Management Division - Disaster and Technical Support Services
- Horry County, South Carolina - Emergency/Disaster Response and Recovery Services
- Alabama Emergency Management Agency - Logistics Services/Emergency Stand-by Services Contract
- Louisiana - Emergency Statewide Contingency Contracts
- North Carolina Department of Transportation – Disaster Debris Monitoring
- Virginia Division of Emergency Management - Emergency Services Contract
