Cautionary Statement and Non-IFRS measures

CAUTIONARY STATEMENT
— Certain information regarding WSP contained herein may constitute forward-looking statements. Forward-looking statements may include estimates, plans, objectives, expectations, opinions, forecasts, projections, guidance or other statements that are not statements of fact, including statements regarding the sufficiency of WSP’s liquidity and working capital requirements for the foreseeable future. Forward-looking statements made by the Corporation in this presentation are based on a number of assumptions believed by the Corporation to be reasonable as at the date of this presentation, including assumptions about general economic and political conditions, the state of the global economy and the economies of the regions in which the Corporation operates; the state of and access to global and local capital and credit markets; the anticipated impacts of COVID-19 on the Corporation’s businesses, operating results, cash flows and/or financial condition, including the effect of measures implemented as a result of COVID-19.
— Although WSP believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. These statements are subject to certain risks and uncertainties and may be based on assumptions that could cause actual results to differ materially from those anticipated or implied in the forward-looking statements, including risks relating to the COVID-19 pandemic. WSP’s forward-looking statements are expressly qualified in their entirety by this cautionary statement. The complete version of the cautionary note regarding forward-looking statements as well as a description of the relevant assumptions and risk factors likely to affect WSP’s actual or projected results are included in the Management’s Discussion and Analysis for the year ended December 31, 2019 and for the quarter ended March 28, 2020, which are available on SEDAR at www.sedar.com. The forward-looking statements contained in this presentation are made as of the date hereof and WSP does not assume any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise unless expressly required by applicable securities laws.

NON-IFRS MEASURES
— The Corporation reports its financial results in accordance with IFRS. However, in this presentation, the following non-IFRS measures are used by the Corporation: net revenues; adjusted EBITDA; adjusted EBITDA margin; adjusted net earnings; adjusted net earnings per share; backlog; free cash flow; days sales outstanding ("DSO") and net debt to adjusted EBITDA ratio. Additional details for these non-IFRS measures, including a reconciliation of such measures to the most directly comparable IFRS measures, can be found in WSP’s MD&A for the first quarter ended March 28, 2020, which is posted on WSP’s website at www.wsp.com, and filed on SEDAR at www.sedar.com
— Management believes that these non-IFRS measures provide useful information to investors regarding the Corporation’s financial condition and results of operations as they provide key metrics of its performance. These non-IFRS measures are not recognized under IFRS, do not have any standardized meanings prescribed under IFRS and may differ from similar computations as reported by other issuers, and accordingly may not be comparable. These measures should not be viewed as a substitute for the related financial information prepared in accordance with IFRS.
