

# Unlocking Effective Governance

WSP engages governments, civil society, and the private sector to jointly identify problems and to prioritize initiatives to strengthen government planning, budgeting, procurement, and service delivery. To deepen democratic accountability, WSP supports governments to build robust mechanisms for citizen participation and oversight while also strengthening the capacity of citizens for constructive engagement.

## WHO WE ARE

We are one of the world’s leading professional services firms. Our 66,000 passionate people are united by the common purpose of creating positive, long-lasting impacts in the communities we serve through a culture of innovation, integrity, and inclusion. WSP’s guiding principles foster sustainable reform through ensuring activities are contextually rooted, locally owned, inclusive, results-oriented, evidence-based, and collaborative. Our strength is our ability to adapt to shifting political economic contexts and evolving client needs.

## DELIVERY CAPABILITY

In the past 20 years, we have managed 75 major efforts for USAID in 30 countries valued at over \$3 billion USD. WSP also brings stellar IDIQ management capability, as the firm currently holds 25 US Government (USG) IDIQs, delivering over \$300M in work annually through these vehicles. Key to its implementation effectiveness, WSP forges dynamic local partnerships to ensure program activities are jointly designed, implemented, and measured with local actors.
